The 2002 Sino-African SHP Training Workshop was held from 10 May to 18 June 2002 at Hangzhou Regional Center for Small Hydro Power(HRC). Attended altogether 9 participants from 5 African countries, i.e. Burundi, Nigeria, South African, Tanzania and Tunisia. This is the second training workshop on SHP that HRC conducted for African countries. Last Oct and Nov HRC held the SHP training for participants from Africa where the majority of the population has no access to electricity yet. Meanwhile, it is abundant in hydro power resources in Africa and around 10% of its hydro power potential has been harnessed according to the statistics available. 2

## ENROLMENT INFORMATION

### 2002 TCDC Training Workshop on Small Hydro Power

Sponsored by the UN and China, Hangzhou Regional Center for SHP(HRC) aims at promoting the SHP development in the world. China has most SHP stations and has gained much experience in SHP development. In order to disseminate SHP technology, HRC will hold 2002 TCDC SHP training workshop from 9 Oct. to 16 Nov. 2002, Hangzhou, P.R. China. See the enrolment information of 2002 TCDC Training Workshop on Small Hydro Power at Page 19. 19

## Sino-Vietnam Cooperation for Water Conservancy & Hydropower Further Strengthened

Following the invitation of Vietnam Institute for Water Resources Research (VIWRR), the Chinese delegation from Hangzhou Regional Center for Small Hydro Power (HRC) headed by the deputy director of Nanjing Hydraulic Research Institute (NHRI), director of HRC, Prof. Chen Shengshui, has paid a visit to VIWRR from June 5 to June 9, 2002 to explore the possibility and fields of cooperation. The delegation consists of three members, i.e. Director of HRC, Prof. Chen Shengshui, Chief of automation division Mr. Xujincai and senior consultant Mr. Li Zhiwu.

During its stay in Vietnam, the delegation mainly held technical exchange and cooperative discussion with the Vietnam Institute for Water Resources Research (VIWRR) and its affiliated Hydro Power Center (HPC). 20
